

## KEYS List of Possible Classes 2024-25

This list is a reference for classes we are considering next year.

*This information will determine class sizes and **what courses have enough interest to include in the schedule.***

To learn more about these classes, please visit the website: [www.keysofva.org](http://www.keysofva.org). Double-click on each class name to learn more about the objectives, prerequisites, and textbooks required by the teacher.

***Science classes often require proficiency in math skills which must be taken into consideration before signing up for classes. Please read the prerequisites carefully to ensure the academic success of your child.***
